

LWC-NLUS helps provide New Learning Center for US Coast Guard Cutter Healy

Recent comments from Healy CO Captain Dan Oliver

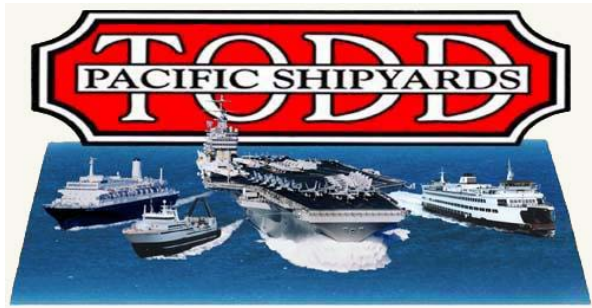

“I've attached pictures of our newly completed crew's learning center. We went from 3 computers on an open table to 7 computers in individual privacy desks. In large part our ability to put in the learning center was accomplished through the generous gift from Lake Washington Council Navy League. Thank you very much. The XO is continuing our practice of putting in a weekly update to our website on Sunday so anyone interested in reading about our latest adventures can log onto our website <http://www.uscg.mil/pacarea/healy/> and read about our current deployment.”

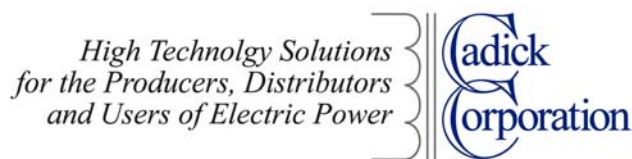

“Thanks again to all that Lake Washington Council has done for HEALY this past year, it means a lot to the crew and we see the direct impact every day as the crew takes advantage of our expanded computer capability in our learning center.”

We salute the businesses whose generous support enables us to better serve our adopted units & youth organizations.
